Aesthetics From Classical Greece To The Present

Frontiers of Pleasure presents critical issues regarding Greek conceptions of aesthetic response while questioning influential modern notions of the aesthetic.

Eye and Art in Ancient Greece

The Aesthetics of Classical Greece

Aesthetics presents a synoptic view of the arts, which crosses traditional boundaries and explores the aesthetic experience of the arts across a range of media—oral, visual, and literary. Investigates the many ways in which the arts were experienced and conceptualized in the ancient world Explores the aesthetic experience of the arts across a range of media,including painting, sculpture, literature, music, and drama. Presents an integrated perspective on the major themes of ancient aesthetics which challenges traditional dichotomies raises questions about the similarities and differences between ancient and modern ways of thinking about the place of art in society

The Invention of Art History in Ancient Greece - Jeremy Tanner 2006-02-21: The ancient Greeks developed their own version of the theory of art, advocating a national involvement with art. This book explores why the ancient Greeks started to write art history and what the writing of art history transformed the social functions of art in the Western world. This is a fascinating new book that makes a significant contribution to our understanding of this field and how its literary productions make a significant contribution to our understanding of late antiquity and how its literary productions make a significant contribution to the cultural evolution of the ancient world.

Living Ruins: Value Conflicts - Katerina Loukaki 2016-12-05: Using monuments and ruins as a way of illustration, this fascinating book examines the symbolic, ideological, geographical and aesthetic importance of Greek classical architecture for the Western world. It examines how classical Greek monuments are simultaneously perceived as sublime natural symbols and as a mythological and archetypal reference against which Western modernism is measured. The book investigates the dialogues that the ruins created and discusses the different values of art history and archaeology that these values represent.

The Edinburgh Companion to Ancient Greece and Rome - Edward Bispham 2010-03-01: The Edinburgh Companion, originally available in paperback, is a gateway to the fascinating worlds of ancient Greece and Rome. Wide-ranging in its approach, it demonstrates the multifaceted nature of classical civilization and enables readers to gain guidance in drawing together the perspectives and methods of different disciplines, from philosophy to history, from poetry to archaeology, from art history to numismatics, and many more.

Representations of Classical Greece in Theme Parks - Nikos Vaitis 2020-04-16: The ancient Greeks developed their own version of the theory of art, advocating a national involvement with art. This book explores why the ancient Greeks started to write art history and what the writing of art history transformed the social functions of art in the Western world. This is a fascinating new book that makes a significant contribution to our understanding of this field and how its literary productions make a significant contribution to our understanding of late antiquity and how its literary productions make a significant contribution to the cultural evolution of the ancient world.

The Classical Style in Greek Sculpture - Richard Neer 2010-02-22: The Edinburgh Companion, originally available in paperback, is a gateway to the fascinating worlds of ancient Greece and Rome. Wide-ranging in its approach, it demonstrates the multifaceted nature of classical civilization and enables readers to gain guidance in drawing together the perspectives and methods of different disciplines, from philosophy to history, from poetry to archaeology, from art history to numismatics, and many more.

New Aesthetic Thought, Methodology, and Structure of Systemic Philosophy - Wu, Jie 2010-02-21: The New Aesthetic Thought, Methodology, and Structure of Systemic Philosophy is an essential reference source that discusses the relationship between philosophy, mathematics, and aesthetics, as well as its application to other fields of human sciences. This book analyzes the history of aesthetics and studies the contemporary forms of beauty and nature. Featuring research on topics related to art history, aesthetics, and philosophy, this book is designed for philosophers, physicists, scientists, researchers, mathematicians, systems engineers, complexity professionals, anthropologists, art designers, academicians, and students seeking to understand the significance of beauty in the modern world.

The Art of the Western World - Bruce Cole 1991-12-15: The Art of the Western World is a comprehensive survey of the history of Western art from the prehistoric period to the present day. It integrates the works of each period with the history, values, and ideas that gave birth to them.

Propositories Poetics - Simon Goldhill 2020-05-31: This book presents a new way to understand the epoch-making scripts of classical Greece. Working at the intersection of art history, archaeology, literature, and aesthetics, this book offers a new way to think about the power of sculpture to provoke wonder in beholders. Wonder, not accuracy, realism, or truth, is the supreme objective of Greek sculpture. Neer traces this way of thinking about art from the poems of Homer to the philosophy of Plato. Through meticulous accounts of major sculptures from around the Greek world, he shows how the demand for wonder-inducing statues gave rise to some of the greatest masterpieces of Greek art. Revealing the history of Greek sculptures in Greek terms and restoring wonder to a sometimes dusty subject, The Emergence of the Classical Style in Greek Sculpture is an indispensable guide for anyone interested in the art of sculpture or the history of the ancient world.

The Origins of Criticism - Andrew Ford 2004-04-08: The Literary Criticism guide is a must-read for anyone interested in classical Greece and Rome. Written by experts in the field, the guide provides a comprehensive overview of the development of literary criticism from classical Greece to the present day. This book is essential for anyone interested in the history of classical literature and the development of literary criticism.

The Practice of Aesthetics and the Development of Aesthetics - Jeremy Coote 1992: This collection is both part of and complements these developments, contributing to the general resumption of interest in what has been until recently a comparatively neglected field of academic study and intellectual debate.

The Aesthetics of the Greek Banquet - J. Matthew 2010-03-01: The Aesthetics of the Greek Banquet is a comprehensive survey of the history of Greek sculptures in Greek terms and restoring wonder to a sometimes dusty subject. The book provides a new way to understand the epoch-making scripts of classical Greece. Working at the intersection of art history, archaeology, literature, and aesthetics, this book offers a new way to think about the power of sculpture to provoke wonder in beholders. Wonder, not accuracy, realism, or truth, is the supreme objective of Greek sculpture. Neer traces this way of thinking about art from the poems of Homer to the philosophy of Plato.
